

ING is excited about creating partnerships with MANUFACTURING FACILITIES.

This is a crucial partnership because it allows the manufacturer to take full advantage of the resources available within the ING.

BY BECOMING A MANUFACTURER PARTNER, you receive the following benefits:

- ➔ **Opportunity to attend ING FUEL (in-person lunch meeting) each month.**
There are currently 20 chapters with 350+ members—and growing—currently with 20 FUEL meetings per month. Just RSVP to the networking lunch meeting of your choice. Cost is **\$20 per lunch ticket**.
- ➔ **Updates on all existing and new Members each month.**
This would help you determine the services that you might need from a particular member.
- ➔ **Grow your supplier base as ING continues to grow.**
Future ING chapters will be opening in the following states: Arizona, Florida, Michigan, Tennessee, and many more.
- ➔ **Set-Up a quarterly or bi-annual zoom meeting to connect with ING Members.**
This is done according to your current and future needs within your plant or facility.
- ➔ **Set-Up an annual onsite visit where ING Members will visit your facility to present solutions.**
This is done according to your current and future needs within your plant or facility.
